WHEELMEN! ATTENTION!

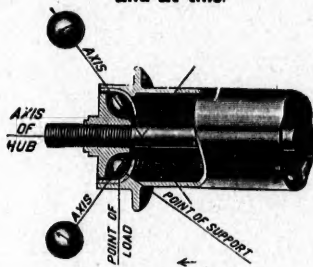

E. & D. BICYCLES.

Our riders are our best ads.
Every one is a friend to the wheel.
What other maker can say that?

Wheelmen who **DON'T** buy a wheel for the appearance
of it only, can find more than mere "talking points" in
the **E. & D.** It is full of indisputably mechanical ideas.
Look at this bearing, and at this.

This is right,

and this is wrong.

Come and examine it for yourselves before placing your order. We will make you welcome

Canadian Typograph Co.,
3 QUEEN ST. EAST.

You can't be cranky

when you ride

Dunlop Tires.

Why? Because they glide over
the road with so much "life" and
"give" that you feel buoyant and
gay whether you want to or not.

They're the only "mend-'em-
with-your-hands" tires, and are the
popular tire of the world.

They're not an experiment, but
a glorious success. Try them and
be delighted.

The Stearns BICYCLE

CAPTURES A WOMAN'S HEART.

There's such a light, graceful, chic appearance in its make-up that the least susceptible maid or matron falls in love at first sight.

There's a stylish something in every line of the handsome Stearns, which backed by its easy running qualities and true worth, make it the vogue in fashionable circles.
